

Financial Policy

Thank you for choosing Blackbird Clinic PLLC for your healthcare. We will do our best to provide you with the highest quality nutritional and naturopathic medical services. Please understand that payment of your bill is considered a part of your treatment. It is very important that our patients have a clear understanding of our billing and payment policy. Please read and sign the following financial policy prior to your treatment. Should you have any questions, feel free to ask.

Payment: Payment is due at the time services are rendered. We accept cash, checks and credit cards (Visa and MC). We are not DSHS providers, nor are we covered by Medicaid or Medicare. Many health insurance plans do NOT cover our services. We charge what is usual and customary for our area. We will be happy to provide you with the “superbill” necessary for you to file with your own insurance company. It will be your responsibility to follow-up with your insurance company and have them reimburse you directly.

When a child of divorced parents is seen, we will expect payment from whichever parent accompanies that child.

If you pay for your services by check and that check is returned for non-sufficient funds, there will be an additional \$20.00 charge.

Cancellation Policy: Showing up for your scheduled appointment time is very important. If you are unable to make your appointment, please give our office at least 48 hours notice so that we may give another patient that time. Patients that “no show” or do not cancel 48 hours prior to their appointment may be assessed an appointment charge of \$45. This charge is your responsibility. Insurance companies do not pay for missed appointments.

Phone Consultations: Phone consultations with Dr. Black are charged at the same rate as office visits. We will bill your debit or credit card at the time of the phone consultation.

Laboratory Testing: When lab work is ordered for you by Dr. Black, always schedule a follow-up appointment to discuss your test results. Dr. Black does not allow our staff to interpret test results. All tests are reviewed as they come in and you will be notified if Dr. Black feels that you need to begin treatment before your follow-up appointment.

Research/Analysis: A fee (pro-rated on an hourly basis of \$125/hr) is charged to the patient when the physicians of Blackbird Clinic PLLC research a patient’s specific health condition. This includes reviewing a patient’s medical records and/or analyzing lab results.

Copies/Fax: There is a fee of 10¢ per page for copies and faxes. There is a \$15 fee for copying and mailing of patient chart.

Thank you for understanding our Financial Policy.
